Whether the new government intend to carry out deet begon. Whether the new government intend to carry out the undertaking is a matter upon which the Imperial Government has just amounted uncertainty. Under the new conditions there is a regeretable prospect of their be-ing tempted to not do so. Canada is a mefore trepulated its part of the bargain, and under the hadron of the property of the Admiralty the cost of three ships has shifted the burden of manning these and paying the cost of their maintenance onto the Parish tax-payer. It would not be a matter of wooder if the new Australian Ministry concluded that as Canada has backed out of its agreement and the defed that as Canada has backed out of its agreement and decided to sponge on the British tax-payer for protection, Australia might as well do so too. If they do not do so their refusal to follow so un-worthy and nul-British an example will be as creditable to them as the setting of the precedent is humiliating to Canadians.

HUDSON'S BAY COMPANY Incorporated 1670 BAY C. Burbidge, Store Com'r

The News of "The Bay's" July Clearance and Rebuilding Sale has Spread to the Farthest Corners of Northern Alberta

Bringing such a crowd of eager buyers as has seldom, if ever, responded to a similar announcement in the Edmonton papers. This demonstration of public confidence in our word and our merchandise is well merited.

The character of the house has much to do with the bargains. Prices in themselves, unless backed by goods of known quality, signify little. This store deals in only the finest and most dependable merchandise, which we sell in season and out, at less than others can afford to ask for equal qualities.

The extensive alterations necessitated by the outgrowth of our present quarters has compelled us to reduce prices on all staple and seasonable things for men, women and children. But our merchandise must be moved out of harm's way---now---regardless of cost. Then, too, the semi-annual clearance bobs up and demands another cut in price---we don't want but very little stock on our inventory sheets. The determined manner in which we have reduced prices shows plainly our attitude.
